Introducing the new Premium XL™ Extended Life and Premium RD™ Rugged Design Chassis Parts

MAS is proud to introduce the new Premium XL™ Extended Life and Premium RD™ Rugged Design lines of premium grade parts featuring exclusive premium technologies ensuring maximum performance and maximum durability. These are premium parts that do not come at a premium price, a line of products you can actually make money on.

Premium XL™

Building on its heritage of OE design and high quality manufacturing, MAS has introduced a revolution in aftermarket premium chassis: Premium XL™ Extended Life Chassis Parts. Using the best ingredients possible, the Premium XL™ line of chassis parts is based on the latest OE designs ensuring original steering feel and maximum performance are restored to the vehicle.

Premium RD™

For vehicles that go beyond their call of duty, MAS Industries has also introduced the Premium RD™ Rugged Design line of heavy duty chassis parts. Built for maximum durability, MAS Premium RD™ is a reinforced line specially designed for vehicles that tow more, carry more, and push more.
